

Message Regarding Academic Advisement

Dear Bengals,

Welcome to Buffalo State College from the Academic Advisement Center! We are thrilled you will be joining the class of 2025 and we are eager to help you discover all the wonderful opportunities the college has to offer.

Our advisers strongly recommend that you [submit your health forms](#) and [sign up for orientation in your portal](#) (if you haven't yet) as soon as possible. Once you have done both of these things, you will then connect with your assigned first-year adviser by making an appointment with them via the Bengal Success Portal. During your appointment, you will discuss your goals, interests, and degree requirements, and your adviser will use that information to make your fall course schedule. Here is an [instructional site](#) on how to use the Bengal Success Portal.

Orientation sessions are filling up fast, so act soon to get your best shot at a fall schedule you'll love! If you have any questions in the meantime, feel free to contact us at advise@buffalostate.edu or through our [live chat](#) (click the orange Chat with an Advisor button).

Best wishes for a wonderful fall term!

Best wishes,
Sara J. Reese
Director of Advising
